# MERGER OF SPAN PROJECTS RUMORED AIMEE AGAIN HEADS TEMPLE

## No Wedding Bells For Julia

PRETTY JULIA HOYT, society divorcee, isn't contemplating matrimony again for some time, she told newspapermen, emphatically denying reports she would wed Louis Calhern, well-known actor. She has no plans for present but stage career.

## Over 200 Families Aided By Social Service Bureau Of County Since January

"Social service work throughout the country is progressing nicely with 212 families having been taken care of since the forming of the department in January to July 1. Excellent co-operation between the people of the county and the department has helped the work considerably," says Miss Katherine Beasley, head of the Social Service department in Contra Costa county.

"All applications are made through the county office and investigation is immediately carried out as to the circumstances

of the case, and help given. When the circumstances are learned a budget is made with certain allowances for rent, light and water and a food budget, according to that compiled by Professor Jaffa of the University of California, based on the proportion of the people to be helped.

"The work of the department and in aid is to make the county help supplement the earnings and not the earnings supplement the aid. One trouble that is found in the work is that people attempt to receive the aid as a fixed income instead of settling down and arranging their wage-earning power to become independent.

"The main problem confronting the work are the transients. Many of these people are continually moving from place to place existing on county aid instead of settling down to work. An inter-county and inter-state arrangement is being made so that a complete check can be made between them and allowing them to know the exact circumstances of the case.

"The problem of foreigners will be settled when the new law (Continued on Page Eight)

## ADMISSION AND DENIAL FOLLOW BRIDGE REPORT

Van Damme Holds Rumor  
Without Foundation; Long Admits

Persistent rumors were floated yesterday that negotiations are being made to consolidate the two rival Richmond-San Rafael bridge projects.

Two Bridges Planned  
The Richmond-San Rafael Ferry and Transportation company, of which Charles Van Damme is president has before the Contra Costa Board of Supervisors at the present time, plans for a multi-span bridge which would utilize the newly completed wharf on the Marin side and continue over the route of the present ferry service.

The Richmond-San Rafael Bridge Inc., headed by Roy O. Long, including it is said, Oscar H. Klatt of the American Toll Bridge company, seeks approval for a bridge which would reach from Point San Pablo on the Contra Costa side to Point McNeer in Marin county.

Denial, Admission Given  
Van Damme declared that the rumor was without foundation to the best of his knowledge. Long is said to have admitted that negotiations toward merging the efforts of the two companies were in progress.

The rumor had it that plans were to construct a joint bridge from Pt. Molate near Winehaven to the Marin side. It was said that engineering difficulties would thus be avoided in the way of deep water and that a solid rock bottom was found at this point.

## Shell Employee Hurt In Crash

Manuel S. Leal, 40, Shell Company refinery employee in Martinez, sustained severe facial lacerations and his right arm was fractured when his car crashed into a truck owned by M. J. Beyanda, 494 Twenty-third street, Richmond, on the Concord highway, near Pacheco, at midnight yesterday, while Leal was en route from his Concord home to the refinery. He was brought to the county hospital for treatment.

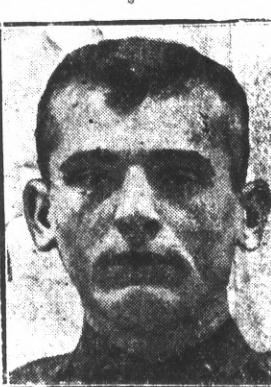

Leal charged to Deputy Sheriff J. E. Martenstein that the truck, driven by Frank Meyer, was unlighted and that it was idle in the middle of the highway. Meyer asserted that he placed a lantern on the rear of the truck when he stopped at one side of the road to make motor repairs.

## Inquest For Plane Victim Tomorrow

Inquest into the death of Reuben Upton, 25, fatally injured at Pittsburg on July 15, when a plane piloted by F. A. King, in which Upton was a passenger, crashed from a height of 75 feet, will be held Monday night at 7 o'clock at Martinez by Coroner Aubrey Wilson of Richmond. Upton died of internal injuries an hour after being brought to the county hospital. King has been at Merced recuperating from his injuries.

SON BORN TO ROCKWELLS  
Mr. and Mrs. Harold L. Rockwell of 445 Fourth street, became the parents of a boy July 22, according to a certificate filed with the city health department yesterday.

## Battle Hero!

PRIVATE MICHAEL OBLEWSKI of Roulette, Pa., United States Marine Corps, reported killed in the seventeen-hour battle between Nicaraguan rebels, marines and Federal troops at Ocotal.

## Reno Man Killed In Train Crash

William Lawler, believed to be a resident of Reno, Nevada, was found dead yesterday in the Southern Pacific Railway tunnel near Oleum, his body badly mangled, apparently from being struck by a train. The body was found near the center of the bore at 9 o'clock this morning by a track walker.

It is believed that Lawler, apparently an itinerant, endeavored to stand against the wall but the width of the bore was not sufficient for him to escape being hit by crowding to the side with a pack on his back. His neck was broken, his skull fractured and his right side crushed.

Coroner Aubrey Wilson of Richmond took charge of the body. In the man's effects he found \$4 and two bank books, one showing deposits of \$200 in the Bank of Italy at Fresno and the other \$300 in the Williams County bank of Nevada. The man was about 55 years of age.

## C. C. Realtors Meet Thursday

Thursday, July 28, the Contra Costa Board of Realtors will hold its meeting in the Hotel Carquinez in Richmond.

The meeting will be in the form of a booster and "Hands Across the Bay" session and secretaries of Chambers of Commerce, civic boosters and municipal and legislative officers are invited to attend. The Napa and Solano County Realtors Boards will also be present. Commercial subjects pertinent to the three counties will be discussed.

President E. B. Bull has already received assurance from Commissioner Stephen Barnson that he will attend the meeting. Glenn Williamson, secretary of the California Real Estate Association, and five car loads of southern California realtors, who are on their way to the Seattle convention will also be present.

## Rev. Grant To Give Mid-Week Sermon

Rev. W. P. Grant, pastor of the First Methodist church, will deliver the fifth of a series of mid-week summer addresses on the general subject, "The Twelve Apostles," this week. The sermon will be on "Barnabas Was a Good Man." Rev. Grant returned last night from a several days' outing on the Russian river.

## Mother Ousted As Evangelist Quells Revolt

Mrs. Kennedy Leaves On  
Extended "Vacation";  
Row Settled

(By Universal Service)

LOS ANGELES, July 23.—Aimee Semple McPherson, "four-square" gospel evangelist, is again in full charge of Angelus Temple.

Fractional fights which threatened to disrupt the temple congregation while the evangelist was conducting an eastern revival campaign have been settled.

Mother on "Vacation"

Mrs. Minnie Kennedy, the evangelist's mother, who headed the temple congregation during her daughter's absence, will shortly start on a trip to Europe on an extended "vacation."

C. E. Jayne, pastor of the Riverside branch of Angelus Temple, who started the revolt against Mrs. Kennedy, has declared his withdrawal from the controversy.

Takes Responsibility  
"Mrs. McPherson is back and I have unloaded the whole burden of the situation on her shoulders," Jayne said.

Mrs. McPherson announced a settlement of the Angelus Temple row soon after her arrival today from Alton, Ills. She denied that she had broken with her mother. One thousand Temple followers greeted the evangelist at Arcade station.

In announcing her mother's ouster, the evangelist said:

Like the captain of a ship or the President of the United States, I am pastor and president of Angelus Temple, and as such am entitled to control over my congregation. I have come back to take the helm.

## Decora Building To Be Used For Manufacturing

The entire building of the Decora Manufacturing company will be devoted to manufacturing purposes, and the offices will be moved to San Francisco, it was announced yesterday by Frank Tittemore, local manager. The Decora company which makes paint spraying equipment, is now controlled by the Hopkins company.

Despite the recent doubling of floor space, more room is needed because the business of the plant has grown so steadily. Tittemore said. The expansion program will include the employment of several skilled mechanics.

## Robert Shawver Rites Tomorrow

Observance of last rites for Robert B. Shawver, 60, pioneer of Richmond are set for tomorrow from a local undertaking parlor at 2:30 o'clock. The Point Richmonderie of Eagles and the Richmond Knights of Pythias are in charge of the ceremony. Shawver died Thursday at a Martinez hospital after a lengthy illness.

MRS. WILLIS AND SON  
GUESTS IN OAKLAND

Mrs. Walter Willis and small son, Junior of Philadelphia, are guests at the home of Mrs. W. H. Colclough, 541 Albee street, Oakland. Mrs. Willis formerly resided in Richmond, where her husband was manager of the Certain-teed plant.

## FIREMEN FROM THREE CITIES FIGHT FLAMES

Lighted Cigarette Held  
Cause of Fire; Scores  
of Homes Periled

WALNUT CREEK, July 23.—More than 2500 acres of grain land are threatened today from the action of a careless motorist tossing a lighted cigarette from an automobile yesterday afternoon on the Tunnel highway, two miles west of Walnut Creek.

3 Departments Called

The negligence necessitated firemen of three departments, Walnut Creek, Danville and Lafayette, fighting more than ten hours to prevent the flames from spreading into Walnut Creek and from destroying a half dozen ranch homes and cremating valuable stock.

The flames swept across the Stow, S. & P. Cattle ranch, Lascassie, Peter Sole and Joe Souza properties before it was brought under control at 6 o'clock last night.

Close to Walnut Creek.

Early in the afternoon the fire swept as close to Walnut Creek as Oakland Boulevard, threatening a score of residences.

Valiant efforts of firemen saved buildings on the Lacassie Ranch after a quantity of loose hay had been fired. While the firemen were concentrating on preventing the fire from invading the western limits of the town it gained headway northward.

## Kiwanis Divisional Is Attended By Local Men

The division meeting of the Kiwanis International at the Hotel Benjamin Franklin in San Mateo was attended by six members of the Richmond club. Hall W. Sanders, district trustee of Richmond, told the educational findings at the Memphis International convention which he attended.

President Ralph Bergen of the Richmond Kiwanis reported about the activities of the three service clubs here. He treated the vocational training work, carried on jointly by the three clubs. The meeting was presided over by Dr. Julian J. Benton of Berkeley.

Those in attendance from Richmond included President Ralph Bergen, District Trustee Hall W. Sanders, John Regello R. L. Wharton, Dr. James Logan, John A. Long, Martinez was represented by Will R. Sharkey, James F. Hoey, J. H. Wells and George O. Meese.

## Sub-Contracts Are Given For School

Contracts for work on the new Wilson school have been awarded to three Richmond sub-contractors. A. H. Winchell will do the plastering; John I. Collins will install the plumbing fixtures, and James Walker will do the brick work.

SANBORN'S PARENTS

Mr. and Mrs. E. W. Sanborn of 139 Thirteenth street, Richmond are the parents of a boy, born at the Berkeley General hospital Thursday. Sanborn is an employee of the Standard Oil company.

## Ex-Wife Sues For Kiddies

WILLIE'S MISQUE! Willie Hoppe (inset above), billiard wizard, thinks more of ivory balls than of his children, his first wife, Mrs. Alice Hoppe declares. So Willie must show court why she should not gain permanent custody of Alice, 13, and Willie Jr., 7, with whom she's shown above.

## Bubonic Plague Held Cause Of Death Of Concord Youth By University Medical Men

CONCORD, July 23.—Bubonic plague has been assigned by University of California medical men as the cause of the death of Mrs. Manuel Joaquin, 5, son of Mr. and Mrs. Manuel Joaquin of Morgan Territory, whose death occurred two weeks ago mystifying doctors who attended the youth and physicians, who were called in for consultation.

The university diagnosis was given after examination of samples of the youth's blood and spinal fluid. Infection, the university men declared, might have been due to a bite of a flea from either a squirrel or rat.

The lad was brought to a hospital here after being stricken suddenly and violently ill at his home. He died within a few days. A mystifying feature of the youth's illness was the intermittent spouting of blood from the boy's left eye.

Dr. George McKenzie of Concord, who received the report from the university, today issued a warning to parents to give scrupulous attention to bedding. The boy's death, he said, marked the first case of plague in this district in several years.

## Body Of Son Of Auditor Unfound

An Associated Oil company boat is still engaged in the search for the body of Verne Sullenger, 10, son of County Auditor and Mrs. A. N. Sullenger, who was drowned off Peyton wharf Wednesday afternoon.

Police Chief Charles Scudero of Pittsburg, expert grappler, after yesterday's search expressed the belief that the body had been carried away from the vicinity where it went down.

J. M. Green of Avon has offered his services in the search for the body.

MARY STAHL SUSTAINS  
FRACTURED LEFT WRIST

When she tripped on the curb Miss Mary Stahl, 56, of 1212 Bissell avenue, slipped and fell to the sidewalk at Ninth street and Macdonald avenue, and sustained a fractured left wrist. She was taken to the Abbott Emergency hospital.

## C. C. Eagles To Frolic Today

Six series of Contra Costa Eagles in Martinez, Pittsburg, Antioch, Richmond, Crockett, and Pinole, will join forces today for the order's second annual picnic at Ramona Park, near Danville.

Dancing, luncheon and a program of athletic events are on the day's program.

The general committee in charge of the picnic is composed of Chas. D. Sweeney, William McChristian, George B. Stone and Lawrence Cunningham.

Rev. Schaefer Will  
Speak At Wesley

Rev. H. W. Schaefer will preach at the Wesley Methodist church this morning. An unusually fine program has been arranged and those appreciative of a spiritual message and good music are cordially invited to attend.

# Society News

## Church and Sunday School

FIRST CHURCH OF CHRIST, SCIENTIST

Nevin avenue and Twelfth street. This church is a branch of the Mother Church, the First Church of Christ, Scientists, in Boston, Mass. Regular Sunday services are held at 11 a. m. and 8 p. m.

Subject for Sunday, July 23: "Truth." Sunday School convenes at 9:30 a. m. A Wednesday evening meeting is held at 8 o'clock, the children of the parish and the church members are invited.

ST. JOHN'S CATHOLIC CHURCH

Masses will be said every Sunday at St. John's church at Stege Junction at 8:00 a. m. and 10 a. m. Between the two masses Sunday school will be held at 9:45 a. m.

The Sisters of the Holy Family will conduct Catechism classes every Saturday morning at 9:30 a. m. The children of the parish and a large attendance is expected.

TRINITY EPISCOPAL CHURCH

Washington and Nichol avenues. Point Richmond, California. Milton R. Terry, rector. The 11 o'clock service. Miss Jean Moyle, organist.

Morning prayer and sermon, 11 a. m. Mrs. Ruth Adair Brown, organist. Sunday school begins at 9:45 a. m.

Subject of the lesson: "David and Jonathan." Golden text: "There is a friend that sticketh closer than a brother." Proverbs 18:24. Here was a friendship formed which was tested and abides true and faithful throughout life.

At the 11 o'clock service the sermon by the pastor will be on the subject: "Watchman, What of the Night?" We have a quotation of an ancient character, with power to discern the future. The significance of this inquiry is conveyed in the words: "Where he leads Me I Will Follow." The choir will also sing a special selection, "Love One Another," by H. R. Palmer.

These services suggest important things for our consideration. Our friends and strangers: "Come thou with us and we will do thee good."

COMMUNITY METHODIST CHURCH

Twenty-first and Roosevelt. Rev. H. Greig, pastor. Sunday School, 9:15 W. C. Roberts, superintendent. Epworth League, 6:45 p. m.

The pastor will bring a Gospel message on "The Philosophy of a Comeback." Congregational songs sung service Wednesday, 7:45 p. m. prayer and Bible study. Bring your own bible.

The pastor is always happy to meet those who have recently moved into the community. We cordially welcome you to our services. Come and worship with us.

METHODIST CHURCH

Three forty-five 6th street E. E. Wernicke, pastor.

Sunday school at 9:45 a. m. If you are not attending Sunday school, where you will find a hearty welcome with us.

Morning worship at 11 a. m. Evening worship at 7:30 p. m. Bible study, Thursday evening at 7:30 p. m.

Prayer meeting, Saturday evening at 7:30 p. m.

Evangelist services. The church is open every morning between 10 a. m. and 11 a. m. to whomsoever is in need of prayer.

Good music and singing at every service.

The little church with a friendly greeting.

FIRST BAPTIST CHURCH

"The Glory Hour" will be the subject of Rev. Weldon M. Wilson's sermon Sunday evening at 7:30 sharp. At the morning service at 11 o'clock he will tell the story of "Old Cripple John."

A New Testament character that you will enjoy knowing more about. The Sunday school meets at 9:45 a. m. We especially urge all the scholars to be present. Visitors are cordially invited.

The Junior church meets with Mrs. A. L. Lewis at the 11 o'clock hour.

We urge you to take advantage of these services of inspiration and worship.

ST. PAUL'S CHURCH

SAN PABLO, CAL. Rev. Joseph Porta, pastor, S.T.L. Pastor.

7:00 a. m.—Confessions. 7:35 a. m.—First Mass. 10 a. m. Second mass, sermon in English at both masses.

Sunday school every Sunday after the late Mass in charge of the Sisters of the Holy Family.

Evening Services every Sunday at 7:30 p. m.

FIRST PRESBYTERIAN CHURCH

Corner 12th and Bissell streets. Earl W. Haney, minister. Residence 136 12th street. Study at the church.

Church school at 9:45. Mr. A. H. Poage, superintendent. A graded school with classes for all ages.

Sermon by Rev. A. Alden Pratt. Subject: "The Grave Peril of the Church."

Special music. Anthem: "Fear Not O Israel." Spicker. Christian Endeavor societies at 6:30.

Evening worship at 7:30. Sermon by Rev. A. Alden Pratt. Subject: "Helpful Hints for Backsliding." Special music quartet: "The Kingdom of Love." Shelley. Anthem: Sing Ye Jehovah's Praise. Perkins. Prayer meeting on Wednesday evening at 7:30. Leader, Mrs. Englekling.

FIRST CHRISTIAN CHURCH

Bible school at 9:45 a. m. Classes for all ages. Men's Bible class at 9:45 a. m. in Odd Fellows' Hall. Mr. Schaffer, teacher.

Morning worship and Communion service at 11 a. m. Rev. Earle Karstedt of Visalia will bring morning and evening sermons. Morning topic: "Jesus Only." Living "Jesus, The Way." Y. P. S. C. E. for the Junior, Intermediate and Seniors at 6:30 p. m. Organized Women Thursday afternoon at 2:00 p. m. Special music. Mid-week prayer service Wednesday evening at 7:45.

CHURCH OF OUR LADY OF MERCY

West Richmond avenue. Rev. William Cleary, pastor.

First mass, 7:00 o'clock.

Second mass, 9:00 o'clock.

Sunday school, conducted by the presentation sisters, immediately after the 8:00 o'clock mass.

FIRST METHODIST CHURCH

W. P. Grant, Pastor; George F. Glinesburg, Sunday school superintendent; Mrs. Joseph Mathews and Mrs. G. Griffin, organists.

10 a. m.—Sunday school.

W. P. Grant, pastor; George F. Glinesburg, Sunday school superintendent. Mrs. John Griffin, organist.

10 a. m. Sunday school. 11 a. m. morning worship. Subject: "He Was a Good Man." The fifth of a series of mid-summer addresses in the general subject of the Twelve Apostles. Interesting, helpful and inspiring.

INTERNATIONAL BIBLE STUDENTS

Meet in W. O. W. Hall, 707 Macdonald avenue.

Watch Tower study on "The Jewish Work" in issue of March 15th, at 9:45 a. m. Fifth volume study on "The Atonement," at 11 a. m. Judge J. E. Rutherford, president of the I. S. B. A., will give a public lecture by radio over the National Broadcasting Company (KGO Oakland) July 24, from 11 a. m. to 12:30 p. m. This message will be one of comfort and good cheer to all and one that vitally concerns every thinking man, woman and child of today.

UNITY CENTER

Richmond clubhouse, 1125 Nevin avenue. Sunday school, 10 o'clock. Service at 11 o'clock.

Mrs. Anna C. Josselyn of San Francisco will be the speaker. Her topic will be "Tolerance." There will be special music.

Unity is the name by which the work of the Unity school of Christianity is known.

Unity is not a sect but a school of spiritual research. Unity teaches that the principle of the universe is Love. Jesus Christ did his work in still operative.

The Unity publications do not present criticism of any faith; they give constructive suggestions. Approximately two and one-half million people are at present applying Unity methods to the harmonizing of the difficulties that arise in life.

Everyone welcome.

GRACE LUTHERAN CHURCH

Barrett avenue and Thirteenth street. Samuel T. Himes, Ph. D. pastor. Residence 513 Thirteenth street. E. J. Evans, superintendent of the Sunday school; E. W. F. J. Kneeland, director of the choir. Miss Ethel Borgstrom, organist.

Sunday school begins at 9:45 a. m. Subject of the lesson: "David and Jonathan." Golden text: "There is a friend that sticketh closer than a brother." Proverbs 18:24. Here was a friendship formed which was tested and abides true and faithful throughout life.

At the 11 o'clock service the sermon by the pastor will be on the subject: "Watchman, What of the Night?" We have a quotation of an ancient character, with power to discern the future. The significance of this inquiry is conveyed in the words: "Where he leads Me I Will Follow." The choir will also sing a special selection, "Love One Another," by H. R. Palmer.

These services suggest important things for our consideration. Our friends and strangers: "Come thou with us and we will do thee good."

POINT RICHMOND BAPTIST CHURCH

Washington at Seale avenue. Harris Erickson, pastor.

Sunday services, July 24. 10 a. m. Sunday school. 11 a. m. Morning service with sermon.

Wednesday, July 24—7:45 p. m. Mid-week service of Bible study and prayer.

The pastor's sermon theme Sunday morning will be "Weights and Measures." Most people carry uncleanliness and unnecessarily a lot of weight and excess baggage that holds them back in life's progress and keeps them from obtaining the full happiness that people so much desire. Let's throw off some of this. Find out how it can be done, at the Point Richmond Church Sunday morning.

BAPTIST CHURCH

SAN PABLO, CALIF. Chas. J. Shook, pastor.

9:30—Sunday School, Geo. V. McCausland, superintendent. Vacation is over, let's all get back to work our "after vacation" motto is: "A bigger and better Sunday school."

11:00—Morning worship. The pastor is eager to get the fall work going with a good strong start and trusts that everyone will be in their places this morning. The following prelude questions will be discussed: Can a thinking man believe there is a God? What is God? Who is He? Where is He? The sermon topic will be: "Five Roads to God."

7:35—Evening worship. The sermon topic for the evening will be: "The Man Who Came Back." This service will be popular, Biblical and evangelistic. Everybody is invited.

Wednesday evening: Mid-week prayer meeting. Subject: "The Inspiration of the Bible." We will discuss the question: Is the Bible inspired any more than Shakespeare?

FIRST PRESBYTERIAN CHURCH

Corner 12th and Bissell streets. Earl W. Haney, minister. Residence 136 12th street. Study at the church.

Church school at 9:45. Mr. A. H. Poage, superintendent. A graded school with classes for all ages.

Sermon by Rev. A. Alden Pratt. Subject: "The Grave Peril of the Church."

Special music. Anthem: "Fear Not O Israel." Spicker. Christian Endeavor societies at 6:30.

Evening worship at 7:30. Sermon by Rev. A. Alden Pratt. Subject: "Helpful Hints for Backsliding." Special music quartet: "The Kingdom of Love." Shelley. Anthem: Sing Ye Jehovah's Praise. Perkins. Prayer meeting on Wednesday evening at 7:30. Leader, Mrs. Englekling.

FIRST CHRISTIAN CHURCH

Bible school at 9:45 a. m. Classes for all ages. Men's Bible class at 9:45 a. m. in Odd Fellows' Hall. Mr. Schaffer, teacher.

Morning worship and Communion service at 11 a. m. Rev. Earle Karstedt of Visalia will bring morning and evening sermons. Morning topic: "Jesus Only." Living "Jesus, The Way." Y. P. S. C. E. for the Junior, Intermediate and Seniors at 6:30 p. m. Organized Women Thursday afternoon at 2:00 p. m. Special music. Mid-week prayer service Wednesday evening at 7:45.

CHURCH OF OUR LADY OF MERCY

West Richmond avenue. Rev. William Cleary, pastor.

First mass, 7:00 o'clock.

Second mass, 9:00 o'clock.

Sunday school, conducted by the presentation sisters, immediately after the 8:00 o'clock mass.

FIRST METHODIST CHURCH

W. P. Grant, Pastor; George F. Glinesburg, Sunday school superintendent; Mrs. Joseph Mathews and Mrs. G. Griffin, organists.

10 a. m.—Sunday school.

W. P. Grant, pastor; George F. Glinesburg, Sunday school superintendent. Mrs. John Griffin, organist.

## Girl Scouts Leave For Two Weeks Stay At Camp

Two weeks of outdoor living at Camp Chaparral in the State Redwood Park in Big Basin began today for six Girl Scouts of Richmond, who will be accompanied to the camp by Mrs. L. W. Wuesthoff, head of the local troops of Girl Scouts. Julia Robins and Thelma Picklesimer left for the camp last night with Mr. Robins.

Christine Troya, Marguerite Dobman, Anna Dorgan and Marjorie Honsinger, will leave Richmond this morning with Mrs. Wuesthoff.

Two machines will take the girls to the vacation ground. The girls will return from camp in two weeks, August 7.

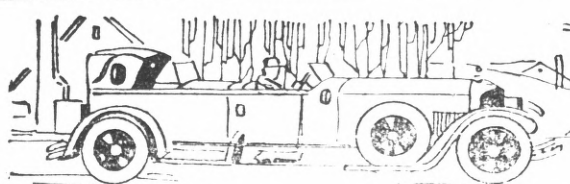

Camp Chaparral accommodates 160 girls at one time and four camping periods of two weeks each are scheduled for the camp. The girls will sleep in the open and lead an outdoor life throughout the entire two weeks. The large tank means swimming every day.

Other features of the outing will be hiking and nature study. Each girl takes her blankets and other equipment. Mrs. Wuesthoff says that the vacation will not only be a play period but one that will furnish a useful education.

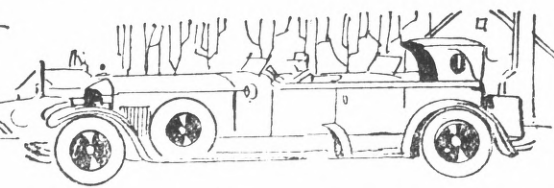

THE CHURCH OF THE FULL GOSPEL

Three thirty-three Macdonald avenue. J. J. Wernicke, minister. Lord's day services as follows: Sunday school 9:45 a. m. morning worship 11 a. m. Evangelist's service 7:30 p. m

# Automobile News

## NEW MODELS ARE DISPLAYED BY BUICK CO.

Introducing to the public its 16 models for 1928, the Buick Motor company last night presented a special announcement program from coast to coast by means of the three broadcasting networks of the National Broadcasting company. A large number of Richmond residents visited the show room of C. C. Kratzer, local Buick dealer, to hear the famous Max Dolin orchestra and the rest of the program presented by the Buick company.

Consistent with its leadership in the automobile world, Buick's action is engaging the three great broadcasting chains was an innovation in automobile announcement. Never before, except in the case of presidential addresses and

the homecoming of Lindbergh, has any feature monopolized the great nationwide broadcasting network. In introducing its 16 models for 1928, the Buick Motor company presents an array of refinements which have seldom, if ever, been equaled.

### Engine Improvements

There are several engine improvements which result in a substantial increase of power, as well as in new silence of operation. Chief among these improvements is the new Buick cylinder head, worked out in light of long study of the problem of internal combustion. The head gives higher compression, with less detonation, which means that a greater portion of the fuel is transformed into useful power. The Buick engine, however, does not operate only on special and costly fuels, but is adaptable to any gasoline.

The new cylinder head has better provision for cooling valves, which means that the valves seat more tightly, and that power is thus conserved. The entire exhaust system, from the exhaust ports through the manifold, pipes and muffler, is enlarged to eliminate of presidential addresses and

## Lee Semar Makes Tour Of Eastern Auto Centers

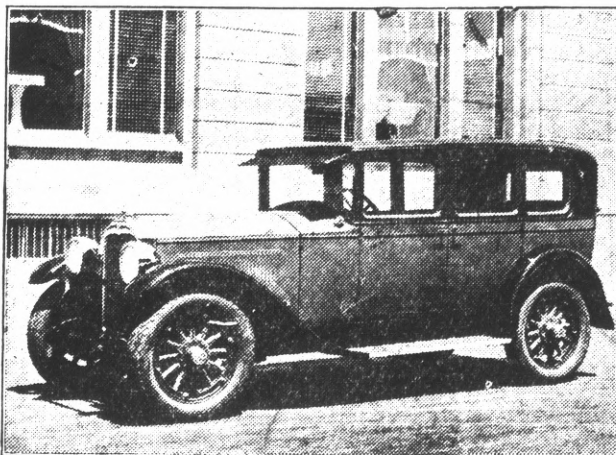

Leaving tomorrow for an extended trip to the automobile centers of the east, Lee Semar, salesman-manager for the Harry Semar company, Contra Costa County Buick and peerless dealers, will pay a visit to the Falcon-Knight factory near Toledo, Ohio and become more acquainted with the factors that are making the Falcon-Knight one of the most successful cars on the market.

Semar will meet his wife near Toledo, where she has been visiting for several months.

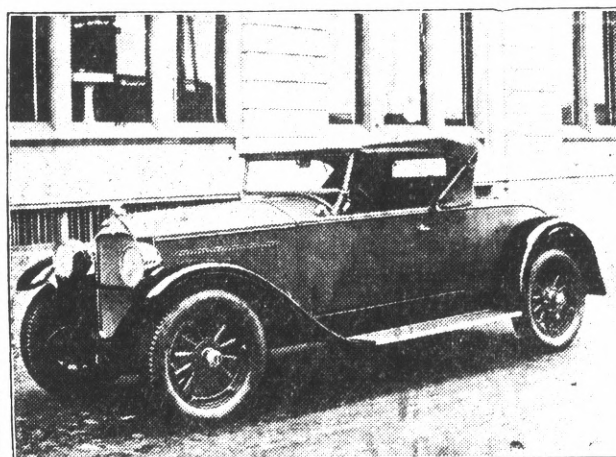

Falcon-Knight sales in the county have shown surprising gains since Harry Semar, head of the local company, and Lee Semar, salesman-manager, have stressed the qualities which have much to do with the popularity of the machine on the market.

## Those Better Cars

Brougham

Sport Roadster

The Buick slogan, "When Better Cars Are Built, Buick Will Build Them" is no idle boast. This new 1928 models now being shown at the C. C. Kratzer salesrooms give evidence of careful planning and consideration for public demand and satisfaction. Above is pictured the new Brougham and below the new Sport Roadster, two of the many models which are guaranteed to please.

## Auto Employment Figures Given

(By Universal Service)

DETROIT, Mich. July 23—Changing machinery to accommodate production of improved automobiles by many manufacturers is causing daily employment figures of this territory to jump up and down. The Ford company is probably the greatest factor in this "up and down" condition with its policy of laying off men in one department taking back those laid off in another department.

The several General Motors divisions that generally have improvements to offer at this time of the year are reported to be manufacturing again at a good pace.

Studebaker which is reported shut down in South Bend is working at a fair production rate in Detroit, where Erskine Six is produced. Exports demands are

causing increasing production schedules in this company's Michigan plants.

Chrysler reports increased employment and greater production over this period last year. Dodge six demand is keeping both the new and old units of this factory running at a better than average summer pace.

Hudson production was given an impetus with the announcement of the Super Essex models.

Announcement of the new Nash models last week was expected to put that plant on a full production basis for July.

Nash stated that price reductions running as high as \$195 were in effect with the new car announcement, despite the numerous improvements that were offered throughout the three lines built for the Wisconsin manufacturer.

Many companies are still in increasing their investments in their properties. The Oakland Motor Co. (Continued on Page Five)

## FIRST CAR TO CROSS TIOGA PASS IS BUICK

The honor of being the first motor car of the season to be conquer Tioga Pass goes to Buick this year. This cloud-kissed road, the eastern automobile gateway to Yosemite National Park and the highest highway in the mountains of the Pacific Coast, is one of the latest of the Sierra Passes to be opened for travel each season and the glory of being the first to negotiate it each year is greatly coveted by California motorists.

Accompanied by Frank Castevens and William Edge of Los Angeles, "Outdoor" Franklin, the famous road scout, matched Buick stamina and power against the snowbound and debris strewn road for twelve days before they emerged victorious and checked in at Yosemite.

Franklin and his party piloted two Buick sedans on the grueling trip westward from Mono Lake over Tioga and after but twelve miles of traveling, the first difficulty was encountered at Warren Creek. Here huge snowdrifts were found across the road, which were three miles lower than snow is usually seen at this time of the season. Altogether fifty-two snowdrifts were met with by Franklin and his companions on the ninety-two miles of the Pass road, all of which required a great deal of patience, time and hard work to negotiate. These banks either had to be shoveled through, detoured around or surmounted by the Buicks. Franklin estimates that some of the drifts are at least eighteen feet deep and others barred progress for single stretches of about three hundred feet. In one case, Franklin claims it was

Amazing increase in Pontiac Six value made possible by the economies of the world's newest and finest motor car factory

The announcement last week of a smarter, more beautiful Pontiac Six at surprising price reductions was an unexpected sensation. Due to increasing production in the new \$12,000,000 Pontiac Six plant, savings were being effected. And these were passed to the public together with the additional value of new Duco colors!

Now the Pontiac Six is the only low-priced offering: Bodies by Fisher—the largest engine used in any six priced up to \$1,000—and an oiling system which forces 250 gallons of oil an hour through the engine at 35 m. p. h.!

These are only a few of the features which reveal how much MORE you get in the Pontiac Six at new low prices!

New Lower Prices on All Passenger Car Body Types

Coupe	\$745	Sport Cabriolet	\$795
Sport Roadster	\$745	Landau Sedan	\$845
De Luxe Landau Sedan	\$925		

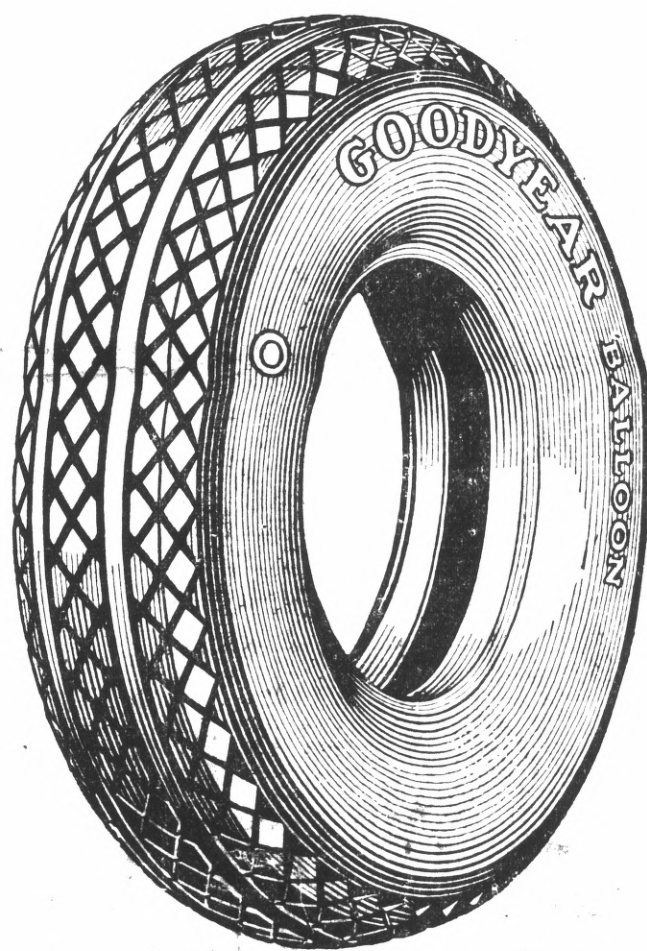

Pontiac Six De Luxe Delivery, \$985 to \$770. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the General Motors Time Payment Plan.

## Goodyear's Price Often Duplicated But Its Quality — NEVER!

Motorists are learning that there is a big difference in tires, although they look pretty much alike. Some are long on looks and short on quality and mileage. But you won't need a microscope to be sure that the Goodyear tire you get from us is a real buy. Goodyear mileage tells the story.

Today, more than ever, more people, the world over ride on Goodyear tires than any other kind.

AND YOU GET THIS KIND OF SERVICE—FREE!

We don't just sell you a tire—we'll apply it promptly, see that your rims are free from rust, and that the tire is correctly inflated. Then after it is on and running we will inspect it at any time and apply conservation measures to help you get all the miles of service that the factory has built into it. This kind of service means tire dollars saved. We do it free for our customers.

## ABOUT YOUR RADIATOR

Hardly anyone ever bothers to see whether the radiator is in good condition. You probably never thought it mattered whether the water was ever changed. Flushing the radiator once a month keeps it free from rust which clogs the water passages and fresh water cools better too. If your radiator is giving trouble and you are contemplating the purchase of a new one, remember that the shell is about as costly as the core and seldom needs replacing. If you will bring your radiator troubles to us we will try to save you money on work or replacement.

For the 24th year Buick has again fulfilled this promise: WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM.

## PRODUCTION OF FALCON-KNIGHT IN HUGE GAIN

Demands for the Falcon-Knight Six continue to make possible an extraordinary high sales record throughout the country, and give indications of repeated high rate of production during the ensuing six months of 1927, the Harry Semar company, county Falcon-Knight representatives reports.

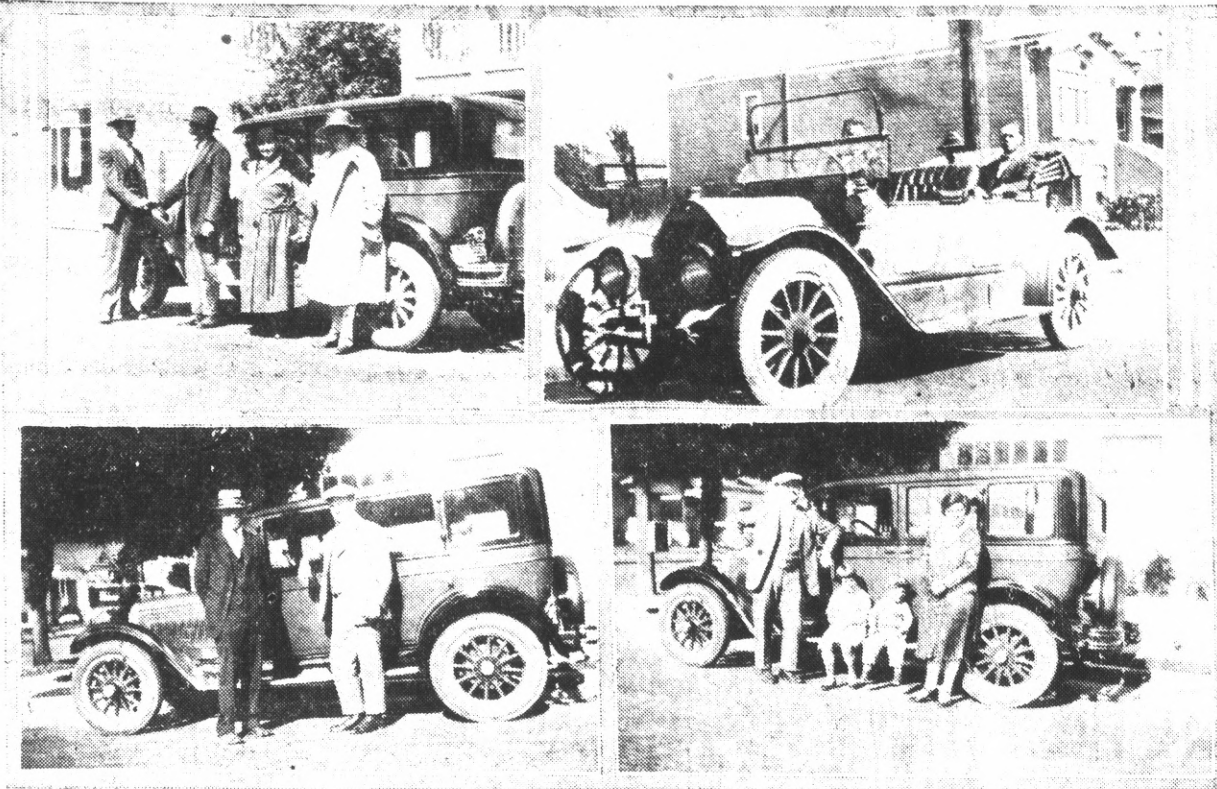

The unusual acceptance of the Falcon-Knight Six has met since it was first introduced on the motor market a few months ago is attributed by Falcon Motors officials chiefly to the growing popularity of the Knight sleeve-valve motor of the type of power plant employed in the Falcon-Knight. In this connection, officers of the Falcon organization point out that the demand for this new six is not confined to any certain section of the country but is general throughout.

It is conspicuous that in many sections of the nation where Knight-engined cars have enjoyed unusual popularity, the Falcon-Knight Six also has shown marked sales increase each month since it was first presented. This healthy situation, applies to Canada as well as to the important trade centers of the United States. Through out the entire dominion, it is said there appears to be a marked preference for cars powered by the Knight sleeve-valve engine.

On the Pacific coast especially has this trend toward the Knight-engined cars become noticeable to an unusual degree, the Falcon-Knight in that rugged territory showing a public acceptance that has struck a high mark of achievement for a motor car in its initial year of production.

From the very inception of the Falcon Motors corporation less than a year ago, its success in the automobile field was accepted as

## Look 'Em Over Once Or Twice!

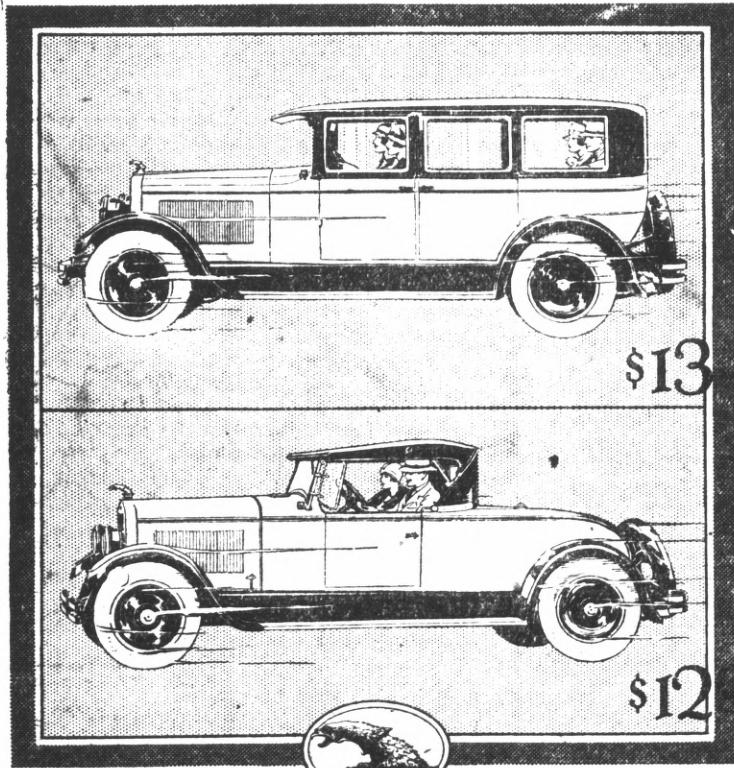

Don't you think they're kinda nice? Both cars and people, that is. Falcon-Knight cars show continued popularity, and their owners are popular people, says the Harry Semar Company, 255 S. Sixteenth street, Richmond, county representatives. Lee Semar, sales manager for the Contra Costa company, is shown in the picture in upper left, giving the hand of best wishes to Mr. and Mrs. Stalker, who are enjoying a vacation in a Falcon-Knight in the north. Upper right, which the Semar company has on display today, and it's worth looking at, as evidence of Falcon-Knight supremacy in its field. The Knight engine in the car has only seen 250,000 miles pass through its bearings. That's all! R. C. Welch is shown at the wheel and Joe Souza and Lee Semar grace the tennant. Harry Semar and E. J. Jarline, of 1602 Bissel avenue, Standard Oil employee and Richmond pioneer, and proud of a Falcon-Knight, are shown in the picture at lower left. Mr. and Mrs. Jarline at lower right are about to leave for a family tour to Crater Lake and Oregon points.

a certainty by leading car manufacturing the Falcon organization. On its way to success are: John A. Nichols, Jr., president; R. N. Harter, vice-president and F. H. Akers, general sales manager.

## 1912 COLUMBIA KNIGHT SHOWN BY SEMAR CO.

"They do Come Back." But the old 1912 Columbia Knight owned by a citizen of San Pablo has never been away from the job in all of the 250,000 miles it has traveled. Fifteen years of service, and its owner testifies that she puts along with the same gumption as when she was new.

The car is now on exhibit at the salesrooms of the Harry Semar company, 255 Sixteenth street, and is attracting the amount of attention it deserves.

While the car as a whole is in a finely kept condition and is of real practical use as a car, the main point of interest in connection with the car is the operation of the Knight motor. According to Lee Semar, sales manager, and Joe Souza, shop foreman for the Semar company, the motor has been cleaned just once since the car was purchased and has never been overhauled or worked on. Demonstrations will be made to show how silently and smoothly the motor runs after its quarter million miles of use.

This Knight motor, according to Semar, is only an illustration of the general fine performance and sturdiness of all Knight motors. According to Semar recent tests were made under the auspices of the Royal Automobile club of England and with the manufacturers purposely imposing difficult conditions. The result was the awarding the Dewar trophy to the Knight manufacturers.

Two Knight motors, chosen at random, were put on the bench for 132 hours continuous running under heavy brake load representing road work at 60 miles an hour. They ran out the week. Then, at the week's end these motors were quickly installed in cars and driven to Brooklands track and there did 500 miles a day for four days.

Next the cars were driven back to the builders' works and the motors given a second bench test of five hours continuous running under load. At the end of the test these Knight motors developed higher horse-power than on the first day, and established proof that the Knight's motor retains its full power.

The test progressed further. These terribly punished Knight motors were disassembled and the parts subjected to a most searching and critical examination. "No appreciable wear was noted on any of the fitted surfaces" says the official report.

"The cylinders were found to be 'notably clean'—the parts showed no burning or wear"—notwithstanding a piston travel of not less than 1,000 feet per minute, and largely exceeded throughout the test.

On the first bench test the 38 h. p. Knight motor Columbia Knight motor developed an average of 54.3 h. p. in the 132 hours of con-

## Country Club Ascent Taken Easily By The Falcon-Knight

Chalk up another record for the Falcon-Knight. Those who witnessed the evidence of power shown by a Falcon-Knight sedan yesterday declared that no other car in its price class could equal the record.

Driven by James Hook, salesman for the Harry Semar company, local Falcon-Knight dealers, the sedan negotiated the difficult ascent to the Berkeley Country club without a tremor.

Much bigger and more powerful cars than that which yesterday made the climb have had difficulty on the rocky dirt road, which leads to the summit. Spectators stated that the record can only be explained through consideration of the Falcon-Knight engine, the endurance of which is a prime factor in making the Knight engine car one of the most popular in the United States.

## Auto Employment Figures Given

(Continued from Page 4)  
company which last year spent over \$12,500,000 in additional manufacturing units for the production of the Pontiac Six has just completed an expenditure of \$2,000,000 in building portions of the Oakland factories for production of this line in greater quantities.

In this connection S. W. R. Tracy, vice-president in charge of sales of the Oakland company stated that his company was definitely committed to the building of two lines of cars, "the Oakland and the Pontiac."

continuous running.  
The running test—roughly 2,150 miles—was carried out at an average speed of over 42 miles per hour.

Then on its final bench test this rated 38 h. p. motor recorded an average h. p. of 57.25.

## NEW COLORING ON PONTIAC IS METED SUCCESS

The new combinations of colorings on all models of the Pontiac has been the occasion for a wide spread interest in approval. George Olsen, Richmond dealer for Oakland Pontiac cars, stated yesterday. A reduction in prices along the line has been instrumental in giving further emphasis to the new policy.

For the first time, it has been possible to develop many popular Indian colors and color combinations that are reproduced with interesting effects on the cars, according to an announcement from George Olsen, head of the local company. A quick summary of the color changes in the Pontiac line shows that blue, maroon, green and brown are the predominant colors.

"A feature of the new coloring is the careful detail in which it is carried into other parts of the car and body construction," he stated. "Heretofore found only in the class of very high-priced cars, the new coloring is used to finish the garnish rails and instrument boards to match the body color, and this same body is also used to finish head and cowl light on De Luxe models and the sports roadster. Duo is used throughout. "The coach and coupe, for instance, are finished in Algonquin blue, with Mononucle straw colored striping.

The roadster has Wagonette green finish on the body, and Siskiyou red stripings. "These colors are the first new development in newer appearances on motor cars, and Indian coloring effects are entirely new, but highly pleasing. Women, particularly, have commented on the improved appearance lent by the new colors, and we have had approval from every source since they were shown for the first time last week."

## Change Of Hours

Beginning August 1, 1927 the Colton Barber shops will open at 8 a. m. and close at 6 p. m. On Saturday from 8 to 8 instead of 9 and 7 as formerly. Secretary—Tom Vestal 7-21-31

## First Car To Cross Tioga Pass Is Buick

(Continued from Page 4)  
necessary to head the Buicks on a 38 per cent grade along the sidehill in order to detour around an unusually large drift. The snow banks were almost continuous at Tioga Lake, Franklin states, and three days were consumed in traveling 500 yards.

Fallen trees and huge boulders were other obstacles encountered in traversing the pass, and 45 logs of large dimension were found lying across the road at different points in Reed Forest between Soda Creek and Aspen Valley. The majority of these trees were disposed of by being cut in two by Franklin and his associates, but where possible they were detoured around.

Adding to the difficulty of the party was the inclement weather that prevailed during the entire trip. The thermometer registers about ten degrees below freezing each night and rain, wind and snow greatly hampered the intrepid motorists in battling their way through.

Despite the terrific strain of plunging into snowdrifts, scaling steep trackless side-banks, bounding over huge, jagged boulders and "snaking" gigantic trees off the road, the Buicks performed one hundred per cent efficiently during the entire period of twelve days in negotiating the Pass. Franklin reports. The only attention given the cars as the adjustment of the carburetor to fit the high altitude.

This is the fifth time that "Out-door" Franklin and a Buick have acquired the honor of being the first car of the season to drive over Tioga Pass after the severe winter months, and he declares the "going" was more difficult this year than he has ever before encountered. The snowfall has been the heaviest in twenty years, and the road is badly littered with trees, boulders and debris in addition to the tremendous banks of snow.

While Tioga Pass is impassable to motorists for approximately ten months in the year, it is one of the most beautiful drives in the season, declares Franklin. The scenery is unsurpassed anywhere in the West, he states, and the road holds no terrors during the average motorist, who is accustomed to mountain driving.

## WHIPPET SETS ECONOMY AND FUEL RECORD

Establishing an average of 27.13 miles to the gallon of fuel during the 4915 mile journey, a Whippet stock coach recently completed a seven-day-and-night non-stop economy and stamina test over the highways of Ohio, Indiana and Kentucky, according to word received in Richmond by J. P. Strom Willys-Overland dealer.

With hood locked and sealed by Mayor Fred Merry, chief executive of Toledo, the car made the grueling 168-hour test under official observation of a Toledo newspaper, which kept an accurate check on the amount of fuel consumed.

The fuel average includes the gasoline consumed when the motor idled during the numerous stops in the various cities visited.

Before the long grind was started a definite route was set and a schedule worked out. For seven days and nights the Whippet coach traveled over the route, a change of drivers being made every six hours, four drivers being used during the test trip. Day in and day out, night after night the Whippet rounded over the roads of the three states but not for a moment was the motor allowed to stop.

Two of the seven nights on the road the drivers encountered trying conditions but the Whippet never failed and arrived on time. Storms were encountered in southern Ohio and Kentucky and the Whippet was forced to make its way over the rain-swept hills.

After 1932—Every Automobile Manufacturer Can Build Knight-Engined Cars

## A new quality of performance in the Falcon-Knight Six

A new quality of performance has been established by the Falcon-Knight with new famous six-cylinder Knight sleeve-valve—America's finest type of motor.

Through traffic, on the open highway, over the hills or in heavy roads, the Falcon-Knight engine demonstrates a smooth, quiet flow of power and a flash of speed that is a distinctive characteristic of the Knight sleeve-valve engine.

Through years of use the Knight engine gives the same smooth, quiet performance—with freedom from carbon trouble and mechanical repair. More people are learning that Knight engines performance means uninterrupted smoothness in a motor that doesn't wear out. The Falcon-Knight is the first low priced six-cylinder Knight-engined car.

## Ed Sullivan's SPORT WHIRL

You have read of Coal Oil Johnnies who painted the town red for a night.

However, you probably have never read of how Fred Perry, the Elk City Flash, stamped the country's bettors into offering 8 to 5 against Jack Dempsey.

Fred Perry comes from West Virginia. To be more exact he comes from Elk City, W. Va., and it is to be assumed that the Elk City Flash sobriquet refers to the scenes of his childhood. Very likely, at any rate.

It was Fred Perry, the Elk City Flash, who cut out the odds of 8 to 5 on Sharkey. At least he was the first to offer 8 to 5 in actual dough. The rest of the city took their cue from him, and the 8 to 5 money which was available a week or so ago was started on its way by the West Virginian.

It mattered not to Fred Perry that he had seen neither Dempsey nor Sharkey in action. In fact, if some one had both Dempsey and Sharkey and placed them fifty paces away from him, it is to be doubted if the Elk City Flash would have seen them clearly. He was in a sinus trouble when it was wet.

I believe it was at Billy Lahiff's Tavern that Mr. Berry made his historic offer. One minute later News, Lahiff, Lou Davis, the Oak Ridge Beau Brummell, and Brennan had taken \$5,000 at those odds.

Mr. Perry drowsily wrote memos on slips as fast as the boys rushed up to the table.

"Any mo' of you young fellows want action?" he required, after the first rush had died away.

No one answered and the Elk City Flash, having exhausted the retail and wholesale trade, went elsewhere. "Good-night, Frank," he called to the excellent Mr. Geraghty, and departed.

HE LATHERED BLUE RIDGE MOUNTAINS

Although I wouldn't stake my reputation on this, I have it on fairly good authority that Fred Perry first came into prominence as a big sporting man when he was shifting gears on the first chair in the leading barbershop of Elk City, W. Va.

I may be doing him a gross injustice here.

He quit that job when a West Virginian brought a horse into the barbershop to have its tail clipped. As luck would have it, the horse sat down in the chair which the Elk City Flash was chairing.

and Fred, always sensitive, issued an ultimatum to the owner of the shop.

"It's either the horse or me," said the Elk City Flash.

The head barber flipped a coin and the horse won.

That was really the turning point in Fred Perry's career, although he little realized it at the time. Driven from Elk City by the flip of a coin, he came to New York and here his native talent asserted itself.

Today he is a millionaire real estate operator. He cornered the swinging-door market before prohibition and when Volstead won, the Elk City Flash converted the swinging doors into subway turnstiles. He cleared a handsome profit here.

He has a peculiar philosophy on life.

"Everything in this racket is 8 to 5 against," reasons Mr. Perry. Jimmy Sinnott put a crimp in that, however.

"What about a tug-of-war?" asked Mr. Sinnott, ducking neatly to avoid the left hand which the West Virginian heaved at him.

## Chicago Almost Certain To Get Dempsey-Tunney Fight

(By Universal Service)

NEW YORK, July 23.—Gene Tunney, heavyweight champion, was officially told by Tex Rickard today that Tunney's next ring opponent would be Jack Dempsey.

The time and place of the championship bout will be named by Rickard on August 5.

Tunney replied that he didn't care where or when the bout is held, that he is ready to whip Dempsey the second time.

Dempsey won the right to meet Tunney by beating Jack Sharkey last Thursday night. His contract called for a fight with Tunney if he defeated Sharkey.

Tunney's contract with Rickard signed in St. Louis, lets Rickard name the challenger. The contract provided that the time and date of the fight be named by July 25, but Tunney extended the date to August 5, at Rickard's request.

It is generally conceded that the championship battle will take place in Chicago on September 15. It is understood that Rickard has agreed to pay \$100,000 for the new stadium there and has been assured of freedom from interference and the cooperation of strong political interests.

Rickard believes 140,000 persons will witness the bout in Chicago and that his gate receipts will go to \$2,000,000 or over. The Dempsey-Sharkey fight yielded a little over \$1,500,000 and Rickard doesn't think New York can stand another heavyweight show so soon.

## County Net Teams In Tourney Today

Tennis teams of Martinez, Concord and Walnut Creek will meet in semi-final matches of their tennis tournament today on the Concord and Walnut Creek courts.

The tournament is being sponsored by the newly-formed Walnut Creek Tennis club, which is planning to hold a tennis tourney next year for all teams in the county.

MRS. FREEMAN RECOVERS FROM OPERATION

Mrs. M. Freeman of 400 Roosevelt avenue is getting along nicely after an operation for appendicitis at the Cottage hospital. She is under the care of Dr. Hall Vestal and Dr. C. L. Abbott.

## E. Fitzgerald Ties Leader In Batting Race

Gene Fitzgerald, scrappy Bar House first sacker, this week drew up into a tie with Johnny Huzefka of the Al

Standards for first place in the race for individual batting honors.

Fitzgerald, who is on of the most dangerous men in the league in the pinch, is hitting the ball for an average of .405—a drop of 6 points from last week.

Huzefka, the erstwhile leader, went hitless during the week and dropped from .411 to .405.

Elmer Hansen, Refinery out-felder, who led the hitters until a few weeks ago, made a big jump during the week, climbing from fifth to third place to displace Billy Lane of the Mechanics. Hansen is hitting .395, a gain of 24 points over last week. Lane fell from .391 to .389 during the week.

Ernie Peters of the Barrel House hit well during the week and climbed from .355 to .382. Peters is now in fifth place.

The averages of the ten leading hitters follow:

Player	AB.	H.	Pct.
Huzefka (AS)	37	15	.405

**HEART TROUBLE**  
Marvelously Relieved

While visiting her daughter here in Oakland, Mrs. W. H. Morton of Stockton was in such great pain due to Heart Trouble that it affected her left hand. She could neither walk nor rest with the slightest comfort. All the physicians whom she consulted expressed the opinion that she had but a few days to live. She truly seemed to be at the point of death when she took her first package of the Fong Wan Herbs. It was cooked for her at home, and that night she had the first rest after many weeks of terrible suffering. After four weeks of the Fong Wan Herb Treatment, she was able to return to her home in Stockton. From that city she has sent the following testimonial to the Fong Wan Herb Co.:

**OWES HER LIFE TO FONG WAN HERBS**  
Stockton, Cal., March 21, 1927.  
To the Fong Wan Herb Co.: I have been suffering with valvular trouble of the heart for many months. I became so ill that my doctors, who were many, gave me but a week or ten days to live. I decided to try the Fong Wan Herb Co., and to the amazement of all who attended me, I was able to walk into their office after taking the Herbs one week. I have now taken them four weeks and I not only have a good heart, but have also been helped in other ailments. I cannot speak too highly of the Fong Wan Herbs, as I owe my life to them. I am very grateful to Fong Wan for his kindness.

### Permit To Renovate Brotherhood Hall Is Granted

A permit for the renovating of Brotherhood hall, at a cost of \$2000, was issued yesterday by City Building Inspector A. J. Hurley. The members of the Carpenters Union will do the work. The carpenters recently bought the building, formerly Pythian castle, with the object of making it a meeting place of the labor organizations of the city. The plans for the alterations affect the first floor while the upper floors will be renovated.

### Financial Aid For Motor Climb Asked

The El Cerrito board of trustees has been asked for financial assistance by the representatives of the Oakland Motorcycle club for the annual motorcycle hill climb. The contest brings more than 20,000 people to the city each year.

The latest climb was sponsored by the fire department of the city. Fire Chief W. A. Hinds announced that he would not consider the handling of the event by the department, this year.

## Think of Us as Automotive Merchants

THERE is this difference between an automotive merchant and an automobile "agent"—the former sells transportation and the latter merely a car.

Come in some day and see how we have prepared ourselves to deliver daily serviceability with every Willys-Knight or Whippet we sell.

### Martha Washington Shoes

Built In Arch Support

New Foot Wear for the active woman of today

Now the spirit of the times has touched feminine apparel in another direction. Dancing, motoring, golf—the same varied activities which created today's fashions of bobbed hair, short skirts and loose underthings, have demanded an entirely new idea in footwear.

Distinctive new styles, attractive combination tones, tastefully trimmed with contrasting leathers. Specially made shoes for growing girls.

**B. B. Shoe Store**  
720 Macdonald Ave.

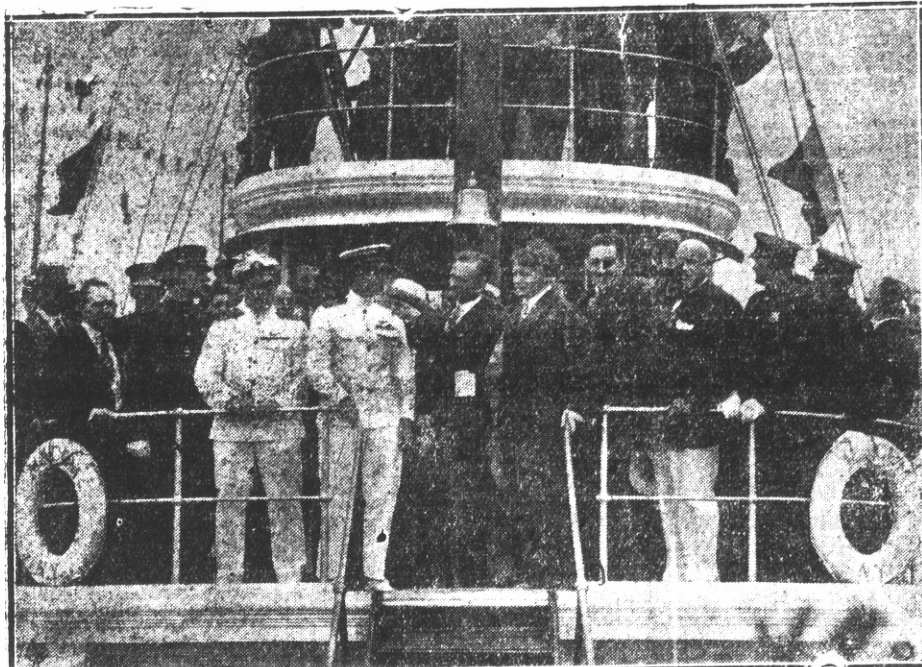

Pains, cramps or callouses there

are sure indications that the arch across the ball of the foot has broken down. Thousands of people suffer intense pain, cramps and burning callouses in this part of the foot without knowing the real cause.

Dr. Scholl's Arch Supports will quickly and permanently relieve this condition by gently but firmly supporting the depressed bones, and removing the strain and pressure on the weakened parts.

Perhaps you have some other form of foot trouble such as corns, bunions, weak ankles, cramped toes, painful heels, etc. If so, come in and let us give you a Free Demonstration. You will find that it is no longer necessary to suffer foot aches and pains.

## Chamberlin Says Byrd Is The Hero

"HE'S THE HERO!" Disclaiming credit for his own feat, Clarence Chamberlin pointed to Commander Byrd when photographers asked Chamberlin to pose. Left to right, on the Macdon's bridge, the returning flyers are Noville, Byrd, Chamberlin, Balchen and Acosta.

### Knox Inquest Is Set For Monday

Inquest into the death of Landes Knox, 28, San Francisco stockbroker, killed last Sunday morning when an automobile driven by Fred Moody, also a San Francisco stockbroker, crashed into a pole on the Walnut Creek highway, will be held at Walnut Creek Monday night at 8 o'clock. Coroner Aubrey Wilson announced. The district attorney's office will be represented at the inquiry by Deputy District Attorney James E. Hoey.

Moody and three passengers in his car Barroll McNear, San Francisco attorney, Miss Martha Ransome of Diablo and Miss Constance Horn of Mill Valley, are to be summoned to testify together with persons who extended aid to members of the party and took them to medical treatment at Walnut Creek.

Physical evidence at the scene of the accident which indicated that Moody's car traveled 250 feet after leaving the highway and that it grazed one telephone pole and cut a six foot section from a second, is causing a rigid official investigation. Members of the party assert the car was not being driven at excessive speed. Moody says his car left the road when he was blinded by the lights of an approaching machine.

The quintet were guests at a dance party at Mt. Diablo Country club and were en route to Walnut Creek after tea cream shortly after midnight when the accident occurred.

### Pythian Dance Is Successful

Chick Barry's orchestra performed for a crowd of dance lovers last night at the dance at East Shore park. The local Knights of Pythias sponsored the affair.

### FINAL DECREE AWARDED TO MRS. ELSIE SNOOK

Superior Judge H. V. Alvarado signed the final decree of the divorce of Mrs. Elsie Snook of Richmond from Fred Snook, yesterday in Martinez.

## MEET DECRIES EXPLOITATION OF NICARAGUA

WASHINGTON, July 23.—Charging that Nicaragua has been "exploited" for the benefit of American capitalists the Pan-American Federation of Labor Congress today passed a scathing resolution declaring it will fight attempts of this government to secure "undue control" of Nicaraguan finances.

"There is something rotten in Nicaraguan intervention," declared Salomon De La Solva, delegate from that country in a fiery speech before the Congress. People of the United States do not know the real reason.

"They believe it is a movement to save the lives and property of citizens of the United States. What has been done in Nicaragua has been done to serve the bankers. Bread has been taken out of the mouths of children and put into the mouths of capitalists. The recent revolution has resulted in a deal whereby Nicaragua hands over \$3,500,000 and the bankers get control of the country.

The resolution adopted sets forth that on March 21, 1927, the Diaz government and New York private bankers entered into agreement by which the bankers secured undue control over Nicaraguan finances, "and over the economic and political rights of the Nicaraguan people, especially the laboring classes."

### Many Register For Election

In a last minute rush, 49 Richmond residents registered to vote at the band election August 23. Mrs. Ethel Butler in charge of registration closed the headquarters of the committee of one hundred at the Hotel Carquinez at 9 o'clock last night. Mrs. Butler has been the deputy in charge of registration at the headquarters.

## Pride In Appearance

should reflect itself in your motor car as well as yourself. The pride of ownership in a well kept automobile is as essential to the modern person as being well dressed.

We are completely equipped to thoroughly wash and clean your car at a reasonable price. All jobs includes the vacuuming of the interior of your car. Come in after your week end trip and let us wash and clean your car for the reasonable charge of \$3.00.

## More Than 200 Families Aided By S. S. Bureau

(Continued from Page 1.) passed by the last legislature making a person, who has not been a resident of the state for one year, not a recipient of county aid, becomes effective. If the case is investigated and the person is not yet a year resident, it is turned over to the immigration authorities who investigate and perhaps deport the foreigner, if he has not found work or tried to find it.

"The state gives to the county semi-annually, money for the cases that have been taken care of and that come under state supervision. These cases deal with persons permanently incapacitated for work or for children having lost one of both parents.

"The state checking agencies which give references as to relatives and to former residences help considerably in our work," Miss Beasley stated.

### ANSWERS

WHAT DO YOU KNOW

(On Editorial Page)

1. Alexander Hamilton (1757-1804). Born in the West Indian island of Nevis.
2. Red.
3. In the Red Sea.
4. A character in "The Jungle Book" by Rudyard Kipling.
5. Born 1770; died 1827. British secretary of foreign affairs 1807-1809 and 1822-1827, and premier in the latter year. America's Monroe Doctrine was evolved with his support.
6. Jennie Jerome of New York, who died in 1874 married Lord Randolph Churchill, second son of the Duke of Marlborough. He was secretary of India, 1885-1886; chancellor of the exchequer in the latter year.
7. The Transcaucasian Federation consisting of Armenia, Azerbaijan and Georgia.
8. A great Italian violinist (1732-1840).

### MISSIONARY FOOD SALE HELD SUCCESSFUL

The food sale for the benefit of the Missionary society of the Community Methodist church is very successful, according to Mrs. Virgil Streeter, who was in charge of the sale. Pie, salads, and cakes were among the delicacies sold by the women at the Pan Home store. Those who were on duty during the sale are: Mrs. Jack Loms, and Mrs. Virgil Streeter.

## Winner!

## New Models Are Displayed By Buick Co.

(Continued from Page 4) rate back pressure and increase power.

**Silent Valve System**  
A more easily operated and more silent valve system is a feature of Buick for 1928. The valve operating mechanism, including valve springs, has less inertia to be overcome by the camshaft. This member, too, has been redesigned to give a greater area of valve opening and better co-ordination of valve action.

All 1928 models are wider and roomier, and all present new roof lines which help to account for their stylish appearance. All have clear vision fronts, achieved by narrowing the windshield side pillars and the horizontal top bar.

**Combined Duo Colors**  
Harmoniously combined Duo colors, emphasizing the low contour of the cars, crown fenders, new distinctive headlights, new design radiator and other features contribute to the exterior beauty of the car.

The new Buick frame is of the double drop type. This makes the car from two to three inches lower without sacrificing either head room or road clearance.

The new comfort of the Buick is made up of many factors. Form fitting, tailored cushions; hydraulic shock absorbers, front and rear; proper spring suspension; arm rest for rear seats in closed models, etc., all help to make a ride in a Buick, a delightful experience.

**Convenient Features**  
New convenience is apparent in a score of features; centralized chassis lubrication, adjustable steering wheel, gasoline gauge and water temperature gauge, grouped with other instruments on the dash so that the whole story of the car's operation can be seen at a glance; new locks and new door handles.

### AT HOTEL CARQUINEZ

Hotel Carquinez registered the following last night: J. Taylor and wife, San Jose; P. E. Cole, and wife, San Francisco; George W. Wineman and family, Santa Maria, California; Earl L. Karstaedt Visalia; L. Harry Weis and family, Salem, Oregon; D. Lucas, Bakersfield.
